Buildings	3-4
Shops	5-6
Leisure Facilities	7-8

Buildings

Hoyland

Looking at the buildings in Hoyland we found out that there are more brick buildings and less stone buildings. There is a large amount of buildings and houses available including terraced, flats, bungalows, semi detached houses, cottages and detached houses.

There are many different materials being used over lots of years showing that Hoyland is changed often this is to meet the needs of people who live in hoyland.

Robin Hood's Bay

Looking at the buildings in Robin Hood's Bay we found most of the houses are made of herring bone stone that shows us that there haven't been many new buildings. The houses are sometimes three stories because more people live in that house and they haven't got enough space to build sideward's so they built upwards. Robin Hood's Bay also has orange slate roofs and little windows near the basement. Some of the houses are named after the families that were in the house before; some of the houses are being used as holiday homes.

Comparisons

In comparing Robin Hoods Bay to Hoyland we found out that terraced houses are found in both locations. Robin hoods bay houses are old and mostly there have not been many changes where as in hoyland houses have been regenerated.

Conclusion

We found out with the evidence that Robin Hood's Bay has more terraced housing because Hoyland is a much bigger town than Robin Hood's Bay. Also there are a lot more cottages in Robin Hood's Bay meaning that they are older, rather than big families would live in Robin Hood's Bay. I think that there are a lot more chimneys in Robin Hood's Bay than Hoyland because they are older and had coal fires so they had chimneys to let out the smoke. Robin

Hood's Bay is an attraction for tourists and school parties. That is the end of our conclusion.

Shops

Hoyland

We have found that Hoyland has a large amount of shops.

There is a super market, second hand markets, fruit shops, flower shops, fish and chips shops, pet shops, chemist, clothes shops, bakery, shoes shops, butchers and newsagents.

This shows us that there is a large group of shops in Hoyland. With this is good for the people who live here. That shows us that a lot of families go shopping often.

Robin Hoods Bay shops

In Robin Hood's Bay there are many shops like dollies, browns, gift shops, fish and chips shops, old coast guard station shop, waves and jewels for you. There are many costumers in the shops in the summer and less people in the winter. It is better to go in spring because not much school parties or tourist go during spring because it is to cold. The shops are mainly for tourists not for the people who actually live there. The shops have a flat on top of them.

Comparisons

We found out the similarities are, they both have sweet shops, fish and chip shops, fruit shops and book shops. We found out the differences are, they are more shops in Hoyland than Robin hoods bay, they are more shops open in hoyland and less shops open in Robin hoods bay.

Conclusion

Our conclusion is that robin hoods bay's shops are not visited in the winter .But in the summer the shops are more popular. We have this evidence by looking at the opening times. But in hoyland does not matter any weather shops are always open, there are lots of customers on a daily basses. This reason is because robin hoods bay is tourists attraction. Wear as hoyland is a residential place for big families that are looking to settlement.

Leisure Facilities

Hoy land

When we were looking at the Leisure Facilities we found that Hoyland had greater choice like swimming pool, pubs , restaurant , parks and in the park there is a football ground and a skate parks ,good walks like on the canal bird watching and more.

Robin Hood's Bay

Looking at the leisure facilities in Robin Hood's bay we found the pub's that are relevant to adults. We also found some restaurants that are used by family's or two adults on a date. There are lots of facilities like the play grounds for children. Quite a lot of children my age -10 go to the play grounds. There is the beach which attracts the families all year round because they can go fossil hunting and look for sea creatures in the rock pools. Now I'm going to move on to the cinemas lots of families visit them and there are notes on a board saying weather a film is on or not. It's also not a long walk to the cinemas so you can get to them quickly if you think you're missing a film.

Comparisons

When looking at Hoyland and Robin Hoods Bay the similarities are pubs liked by adults. Also parks but in Robin Hoods Bay they are small not like in Hoyland were they are big like the Forge. There is a fish and chip shop in Hoyland and Robin Hood's Bay. There are restaurants in Hoyland and Robin Hoods Bay. Robin Hoods Bay has got a gym with tread miles, rowing machine and weights so dose Hoyland.

Now we looked at the differences we found out that the cinema in Robin Hood's Bay is open in the evening only but in Hoyland it is open all the time. Robin Hoods Bay has got a beach but Hoyland has not that means Robin Hoods Bay has got more tourists and fossil hunters.

Conclusion

We found out that there are loads of differences between Hoyland and Robin Hoods Bay, such as in Robin Hoods Bay there are tourists and in Hoyland there is more residential some people like to go on holiday at Robin Hoods Bay and Hoyland is local. Robin Hoods Bay has interesting things for visitors such as beach and shops.
